Medical/Health Resources

Great Basin Surgical Center

Northeastern Nevada Regional Hospital

Replacing Elko General Hospital and located in Elko, the heart of rural northeastern Nevada, this hospital is brand new and had its grand opening on September 1, 2001. The hospital is a modern 75-bed acute care facility with an adjacent 50,000 sq. ft. medical office building. The facility will have 24-hour emergency services, a full service laboratory, Obstetrics and Gynecology, 24-hour radiology services, and more.

William Bee Ririe Hospital

William Bee Ririe Hospital is a fully accredited 40 bed hospital which provides inpatient medical, surgical, obstetrical, and ICU services, long term care, out-patient services for surgery, physical therapy, and respiratory therapy, and 24-hour, physician attended emergency room services. The hospital is equipped for diagnostic X-ray services including CT scan and mammography.

Battle Mountain Medical Center & General Hospital

This medical center is open 5 days a week and has 2 full-time doctors and is a 15 bed acute care hospital.

Elko Clinic

Located in a 32,000 square foot facility, Elko Clinic provides primary care in pediatrics, family practice, and internal medicine. Multi-specialties are offered in OBGYN, surgery, and pathology. The facility also has a full laboratory and x-ray department.

Home Health Services of Nevada

Provides skilled nursing care, home health aides, homemaker services, hospice care, physical therapy, occupational therapy, medical social workers, and speech therapy. Also serves Carlin and Wells.

Education

Great Basin College

Great Basin College is a member institution of the University and Community College System of Nevada and is accredited by the Northwest Association of Schools and Colleges. For 35 years GBC has provided opportunities in higher education for central and northeast Nevadans. The College has also provided specialized training to local businesses and industries such as the mines, hospital, and education. GBC awards certificates of achievement, associate degrees, and select bachelor degrees using a variety of instructional methods. By advancing the academic and professional endeavors of the rural communities and by providing access to quality certificate, associate, and baccalaureate programs, GBC's mission of addressing workforce needs of the regional economy has been enhanced. Currently, the College offers bachelor degrees in elementary education, applied sciences, and integrative and professional studies.
